

### General Notes

---

All relevant details, levels and dimensions to be checked prior to commencement of work on site, and discrepancies to be brought to the designers attention immediately.

Omissions and conflict between various elements of the drawings, notes and details shall be brought to the attention of the designer and resolves before proceeding with the work.

Do not use scaled dimensions. Use written dimensions ore where no dimension is provided, consult the designer before proceeding with the work.

Quality of material and standards of workmanship expected is that which is consistent with good work normally expected for a project of this nature and must comply, where applicable, with relevant SABS specifications, Standard Building Regulations and Health and Safety regulations.
